Alex Example
Senior Site Reliability Engineer, Zurich, Switzerland
alex.example@example.test

SUMMARY
Site reliability engineer with 9 years of experience in cloud infrastructure, Kubernetes, observability and incident response. Prefers distributed systems and platform engineering roles.

EXPERIENCE
Senior SRE, Acme Cloud, Zurich (2022 - present)
- Ran 400 microservices on Kubernetes (AWS EKS); cut incident time by 40 percent with Datadog and OpenTelemetry.
- Built the Terraform platform used by 120 engineers; led the on-call rotation of 8 people.
Platform Engineer, Beta Systems, Berlin (2018 - 2022)
- Migrated 60 services to Kubernetes; introduced SLOs and error budgets.

SKILLS
Kubernetes, Terraform, AWS, Python, Go, Datadog, Prometheus, Grafana, PostgreSQL

EDUCATION
BSc Computer Science, Example University (2014 - 2018)

LANGUAGES
English (fluent), German (B1)
