ABOUT

Product designer with eight years in fintech and public services. I run research with real users early, keep a design system people actually use, and write specs that engineers can build from without a meeting.

EXPERIENCE

Senior Product Designer — Klarhed Bank

2021 – Present · Copenhagen

- Led the redesign of the mobile onboarding flow; completed sign-ups rose from 61% to 78% in six months.
- Built and maintain the bank's design system in Figma with 140 components and written usage rules.
- Ran fortnightly usability sessions with customers, including people using screen readers.
- Worked with legal to rewrite consent screens in plain Danish and English.

Product Designer — Borgerservice Lab

2018 – 2021 · Aarhus

- Designed the digital form for parental leave used by 40,000 families a year.
- Introduced service blueprints so caseworkers and designers shared one picture of each process.
- Made every new screen pass WCAG 2.1 AA before release.

Junior Designer — Studio Fjord

2016 – 2018 · Copenhagen

- Designed websites and brand material for small Nordic companies.
- Prepared print files and presented concepts to clients.

SKILLS

Figma · User research · Design systems · Prototyping · Accessibility · Service design · Workshops
